Event Benefits University Hospital MICU (*Mobile Intensive Care Unit*)  
serving Newark Liberty International Airport

June 25, 2018

Newark International Airport Managers Council announces their annual **Transportation Person of the Year** black tie dinner dance at the Marriott Newark Airport Hotel, Friday, December 7, 2018. This year NIAMCO is proud to recognize as their 2018 Transportation Person of the Year, John Magnifico, General Manager of the Marriott Hotel Newark Airport.

NIAMCO will donate all proceeds to University Hospital Mobile Intensive Care Unit serving Newark Liberty International Airport and surrounding areas.

We are soliciting your support for this benefit event through your sponsorship or the donation of a gift. As an airport community member, we are aware of the challenges that this may pose, however, we know that you will agree this is a worthy cause and will do your best to assist. The MICU ambulance provides access to critical medical care for those in need and brings comfort and help to what can be a difficult time in a person's life.

The Airport Council (NIAMCO) is comprised of senior managers from scheduled airlines and airport companies that operate at Newark Liberty International Airport. The Council's objective is to stimulate fellowship among airline, airport and business colleagues for mutual benefit. We support charitable assistance to aviation related organizations and businesses that provide humanitarian services through fund raising events.

Thank you for considering our request.
